

AMENDMENTS

In the Claims

Please ~~cancel~~ claims 1-8.

Please ~~amend~~ claim 9 as follows.

9. (amended) A microelectronic fabrication comprising:

a substrate;

sub B1
a spirally patterned conductor layer formed over the substrate, wherein the spirally patterned conductor layer terminates in a microelectronic structure formed within the center of the spirally patterned conductor layer, wherein the spirally patterned conductor layer forms a planar spiral inductor, and wherein the microelectronic structure formed within the center of the spirally patterned conductor layer comprises a series of at least four electrically interconnected sub-patterns.
